#### STANDING COMMITTEE REPORTS

#### **Finance, Claims and Accounts Committee Meeting Minutes**

Chairman Robert Savoie November 14, 2023

#### AGENDA ITEMS

#### Home Health and Hospice Programs Options

The Committee held a lengthy conversation, contributed many thoughts, and provided background regarding the home health and hospice programs. Commissioner Shackleton started by thanking everyone for being at the meeting and paying attention. He let everyone know that the Committee is aware of the fantastic services offered through the Home Health and Hospices programs, that no one here wants to make this cut, and that Chippewa County Health Department is the last County left in the State of Michigan offering these services with great staff; but that the finances no longer work; with reduction Medicare and Medicaid reimbursements. Chippewa County is too small of a rural County to be able to lose \$500,000 - \$800,000 annually, but he wanted everyone to know that we would go slow, give time to explore options and resources, making sure the important thing is that the services be available to the county residents and that if necessary, he would like to commit to maintaining the programs through the end of FY24, and is willing to have the County take the financial hit - to try to find resources to keep the services and find out how and who is available and working together to find a solution. He ended with a reminder that Chippewa County has very little to do with the Hospice Houses of the EUP and that the County provides the nursing services through the Health Department but that Hospice is its own entity. Commissioner Savoie commented next, stating that Hospice Homes are not the County; they are not a county role and that in County government, there are certain things we must provide that are mandated by law and statute. Home Health and Hospice is not a mandated obligation to the County, but these programs are precious to him and the community. He is also willing to have the County take the financial hit to run the programs up to 12/31/2024, but the obligations of the Commission are to maintain the mandated programs at a serviceable level, and these monetary losses are putting the County into a real bind. He appreciated the comments from Mrs. Tracey Holt that changes

are coming, that the Committee has been monitoring the program for over the past seven years, and that he is hopeful that MyMichigan will be able to offer the services and each County before that has cut county run or operated home health and Hospice still have the services available. Commissioner Taynor has reached out to communities, and all have home health and Hospice; some have three or four options for services in one community, and he thinks extending the time for the current services and looking for resolutions for the services for the constituents is the way to go. Commissioner Martin agrees with everything being said that change can be good and that no one wants to get rid of the home health and hospice programs, but that they are not sustainable or fiscally responsible. No new revenue options have been brought forward to help maintain the programs he moved to; his mother is here because of these exact services, and this decision was not made lightly or suddenly. Commissioner Lieurance indicated that no one came in today to shut the doors immediately, and if the trends continue, he is unsure if we will have enough money. Further conversation and comments ensued.

It was moved by Commissioner Savoie, seconded by Commissioner Traynor, that the County continue home health and home hospice care **until up to the end of 2024**. The County will use that time to investigate all solutions and attempt to make sure these important services are available to our county residents. On a voice vote, the **motion carried**.

Finance Chair Savoie took a couple-minute recess, giving an option to those who wanted to exit the meeting.

The six Home Health PIPs from 2022-2023 had five in compliance at 100%, and the last averaged 80%. There were four PIPs from 2023-2024 Home Health, and they were all 100% compliant. This is a quarterly review by the Board to provide oversight to the Health Department. That funds be allocated as may be appropriated by budget action of the Board of Commissioners for the Public Improvements and Capital Fund for capital equipment and projects, and to include the amounts due for the payment of purchase agreements and bond payments as scheduled.

That funds be allocated as may be appropriated by budget action of the Board of Commissioners. The funds may be transferred by the County Treasurer and/or the County Administrator's Office in accordance with such budgets.

That the following regulations shall apply to these appropriations and Activity Centers (Departments). All Departments, budget administrators, and other agencies and organizations receiving County funds shall be deemed to have agreed to these restrictions and obligations by accepting funds pursuant to this Act or otherwise incurring expenditures in expectation of County funding.

- a. All terms in the Act shall have the meaning assigned to them in the Uniform Budget and Accounting Act. The term "Activity Center" includes all courts receiving funds through this Act.
- b. All Activity Centers (Departments) receiving funds herein shall abide by the Uniform Budget and Accounting Act, and that any modification, addition or deletion of such amounts hereby adopted shall be done in accordance with the policies and procedures established by the Board of Commissioners. Each administrative officer in charge of an Activity Center shall promptly provide the County Administrator with all information which the Administrator considers necessary and essential to the preparation of a County budget for the ensuing fiscal period.
- c. All purchases and travel shall be in accordance with the Chippewa County Purchasing, Contracts and Sales Policy (Policy No. 320) and Travel and Business Expenses Policy (Policy No. 410).
- d. The amounts appropriated herein shall be paid from the County Treasury at the time and in the manner provided by law and other applicable policies or resolutions of the Board, whether enacted to date or subsequently adopted.
- e. Expenditures and revenues shall be recorded and reported in the manner provided by law. Fees and other money received by Activity Centers (Departments) shall be forwarded promptly to the County Treasurer and credited to the appropriate County fund, except as otherwise provided by this Act or by any other act of the Board.
- f. Except as otherwise provided by law, each Activity Center (Department) shall limit expenditures within the appropriations authorized herein and shall not attempt to expend funds at a rate which will eventually result in a deficit in any Activity Center without the approval of the Board. Further, all expenditures of County funds and other funds under the control of any Activity Center, except as otherwise provided by law, shall be expended only for purposes attached to the line-items and within the various policies of the Board of Commissioners, including, but not limited to purchasing policy, applicable collective bargaining agreements and applicable personnel policies. - 8 In the event that State of Michigan fails to provide certain revenue transfer payments as required by state law and/or contractual agreements between the State and Chippewa County, the specific programs funded by such state revenue transfer payment shall bear the full impact of such revenue reduction. In the event the State defaults or otherwise fails to provide general, unrestricted revenue transfer payments, the Board, upon the recommendation of the Finance, Claims and Accounts Committee, shall allocate said revenue reduction in its legislative judgment.

# THE CHIPPEWA COUNTY BOARD OF COMMISSIONERS CANNOT, AND WILL NOT, ABSORB THE PROGRAM COSTS CREATED BY REVENUE TRANSFER PAYMENT DEFAULTS BY THE STATE OF MICHIGAN.

h. If an Activity Center (Department) desires an additional appropriation, it shall forward a detailed request to the County Administrator's Office describing the proposed budgetary amendment or transfer and the reasons for the action. The matter will then be presented to the Board of Commissioners through its Finance, Claims and Accounts Committee. No funds may be transferred between Activity Centers (Departments) without prior Board approval.

- i. Except as otherwise provided by law, the number of positions noted for certain Activity Centers (Departments) in the approved Employee Roster included with the budget shall be the maximum staffing level authorized to be drawn from such line-item. No Activity Center shall maintain more employees on the payroll than the maximum specified for the appropriate account. In addition, the job position titles, pay classifications, and full-time equated designations for each position are deemed to be the correct classifications, and any modification of employment classifications shall be done in conformance with established Board policy. Further, if an Activity Center employs at any time, fewer employees than the maximum specified for the appropriate line item in this Act, unexpended appropriation in the amount identified with the unfilled position(s) by payroll records shall immediately and automatically revert to the General Fund Contingency Activity Center (Department No. 890).
- j. It is understood that revenues and expenditures may vary from those that are currently contemplated and may be changed from time to time by the Board of Commissioners during the 2024 fiscal year, as deemed necessary. Consequently, there may be a need to increase or decrease various portions of the budget and/or impose a hiring freeze and/or impose layoffs due to unforeseen financial changes; therefore, the Board of Commissioners reserves the right to change the approved Employee Roster and/or impose a hiring freeze at any time. The County Elected Officials and County Department Heads shall abide by whatever changes are made by the Board of Commissioners, if any, relative to the approved positions and the number of employees stated in the Employee Roster.
- k. Positions on the Employee Roster that are supported by a grant, cost sharing, reimbursement, or other source of outside funding, are only approved contingent upon the County receiving the budgeted revenes. Upon notification that budgeted funding of a position will not be received, the Elected Official or Department Head shall immediately notify the County Controller and Finance, Claims and Accounts Committee, and that position shall be immediately removed from the Employee Roster if funding is exhausted.
- I. The County Administrator's Office and\or County Treasurer shall be authorized to make year-end transfers of up to \$100,000 between Departments or Funds or with such amounts that may be available in the General Fund, as may be necessary to insure that departments do not end the 2024 fiscal year in a deficit condition.
- m. This Act shall become effective January 1, 2024, and may be amended by the Board at any time. Any appropriations made hereunder may be increased or decreased in the discretion of the Board.
- n. This Act and attachments as incorporated by reference herein and all amendments hereto shall constitute the 2024 General Appropriations Act for Chippewa County for all purposes under the law; and approved at the highest level possible.
